A coach or team manager must check in the team. Players are not required to attend the check-in. Required team check-in items and other information will be sent to teams in a separate document.

### **Coaches Meeting**

At least 1 coach from each team must attend this meeting.

### **Player Event**

The player event is an opportunity for trading hats, shirts, pins, memorabilia, key chains and any other items that may help define your state and culture. It's also an opportunity for the players to meet other young soccer players from all over the country. Make a point to provide each of your players with something that has meaning to your Team, Club, State, and/or Region that you represent. Most players participating in previous National Presidents Cup events and other National events that US Youth Soccer hosts report this is the player's best memory of the competition. Consider having a parent or two circulate with the players to take pictures for a memory book during the evening, it will have a profound impact on them later when they look back at it.

The player event is held the night before the competition starts. It is not mandatory to attend, but your team will be missing out on one of the highlights of the National Presidents Cup if they do not participate.

### **Meal**

USYS provides the meal for all players and coaches listed on the roster, as well as the designated Team Representative. Anyone else attending the event may also purchase the meal, however this must be done in advance. Absolutely no meals will be sold at the event! The menu is simple; hamburgers, hot dogs and chicken will be served, and a limited quantity of wraps will be available, along with sports drink and water.
