*The Julie Foudy Sports Leadership Academy launched in 2006 and focuses on two overlapping components: sports and leadership. Our message remains clear. JFSLA students are leaders on the field and leaders in life. To lead in life our students resist fitting into a predetermined leadership mold. Instead they find their own personal style, their own voice, and their own way to choose to matter.*

*And most importantly, to everyone in our program: laughter is permitted! Laughter is the glue that holds the pieces of the programming together. As Julie says, the #1 reason for the US Women's National Team's success...laughter was permitted. And because the US Team enjoyed what they were doing, they worked incredibly hard to get better.*
