

Woodford Youth Soccer Association has a 30 year history of providing recreational soccer in Versailles, KY.

A motivated (and obviously, very wise group) of parents pulled together all of their resources, and utilized a large number of Central KY horse farms to purchase our fields. We remain a viable soccer entity, and receive no taxpayer dollars.

Since then, we've added on a few more parcels for about 33 acres over which we have total control.

New for Fall 2014 at WYSA, we will be launching two new programs - an Under 4 Division, and a program we call, "Play With Your Friends," for the Under 4, Under 6, and Under 8 divisions.

We've seen interest in larger number of very young players and hope that an Under 4 division will meet that interest.

We are also very excited about "Play With Your Friends." We hope to capitalize on the social aspect of the younger player, and motivate more interest in youth recreational soccer by allowing younger players to pick up to 3 friends to play with.

Bluegrass Soccer Club is WYSA's competitive side. Formed in 2001, BSC has continued to grow since its' inception. We are most encouraged by the feeling that we finally got our U-9 Academy "right."

Our desire is to start these young players on a path that will develop them to their full soccer potential.

BSC is also excited by the increase in number of players and teams on the girls side.
