**Accident Medical Policy Limits**

For reasonable necessary medical expenses, our youth accident medical policy pays up to \$100,000 for injuries sustained in a covered accident. Dental injuries are treated like any other injury. Payment will not be made for any expenses incurred after 104 weeks from the date of injury. An expense is considered incurred on the date the medical care is rendered. A \$500 deductible and 80/20 Co-Insurance applies to each covered accident. A Physical Therapy/Chiropractic limit of \$50 per visit/\$2,000 maximum per injury also applies. "Injury" means bodily injury of an Insured Person resulting directly and independently of all other causes from an accident which occurs while he or she is participating in a covered activity. Sickness or disease (except pus forming infections which occur through an accidental cut or wound) of any kind will not be considered as bodily injury. Reasonable Expenses means usual and customary charges.

The plan pays:

- \$5,000 for loss of life or loss of two or more members, which results from injuries sustained in an accident which occurred while participating in a covered activity.
- \$2,500 for loss of one member (hand, foot or eye), which results from injuries sustained in an accident which occurred while participating in a covered activity.
- Such payment shall be in addition to any other indemnity payable to the date of loss, but only one amount, the larger amount applicable shall be payable for all such losses resulting from any one accident.
- "Loss" shall mean, with respect to hands and feet, physical separation through or above the wrist or ankle joint; with respect to the eyes, entire and irrecoverable loss of sight

**Excess Coverage**

The participant accident medical expense insurance is provided on an "excess" basis. This means that after the insured player or coach has been reimbursed for medical expenses by other insurance programs, and after the deductible has been satisfied, the Youth Soccer Accident Medical Expense plan will pay up to the maximum Medical Expense benefit of remaining treatment, service and supply expenses. These other programs include group, blanket, or franchise health insurance coverage, group hospital or medical service plans, and prepayment coverage under labor-management trustee plans, union welfare plans, employer organization plans, and coverage under any governmental programs, coverage required or provided by any statute, and automobile reparations insurance (no-fault) coverage.
