

Score Reporting and Game Report Submission

Game Reports:

-Immediately upon the completion of each match, the WINNING team must bring the report up to the tournament headquarters within 30 min. (in case of a tie, HOME team brings the game report back) so we can update the scores and standings quickly.

-Please make sure that the score is correctly recorded by the referees and that the referee(s) has signed the report before handing it in. Also make sure you have collected your player/coach cards.
