

## Affinity Sports 2.0 Administrator Tools

The first release of Affinity Sports 2.0 includes a Welcome Page Alert, Dashboard Alert, and Bulletin Board Widget that are available for the NGB/Association to use for sharing news and updates with their registrars and members logging into the Affinity Sports Platform.

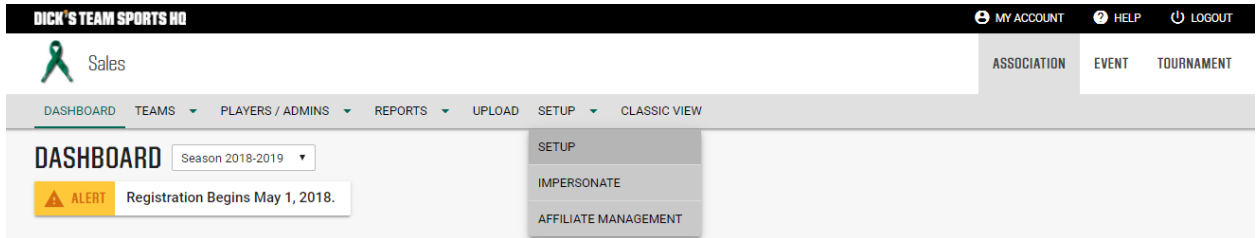

### Welcome Page Alert

The Welcome Page Alert appears on the Welcome Page of your organization's instance of the Affinity Sports Platform. Many organizations use this alert to welcome member or notify them of an upcoming deadline or policy change.

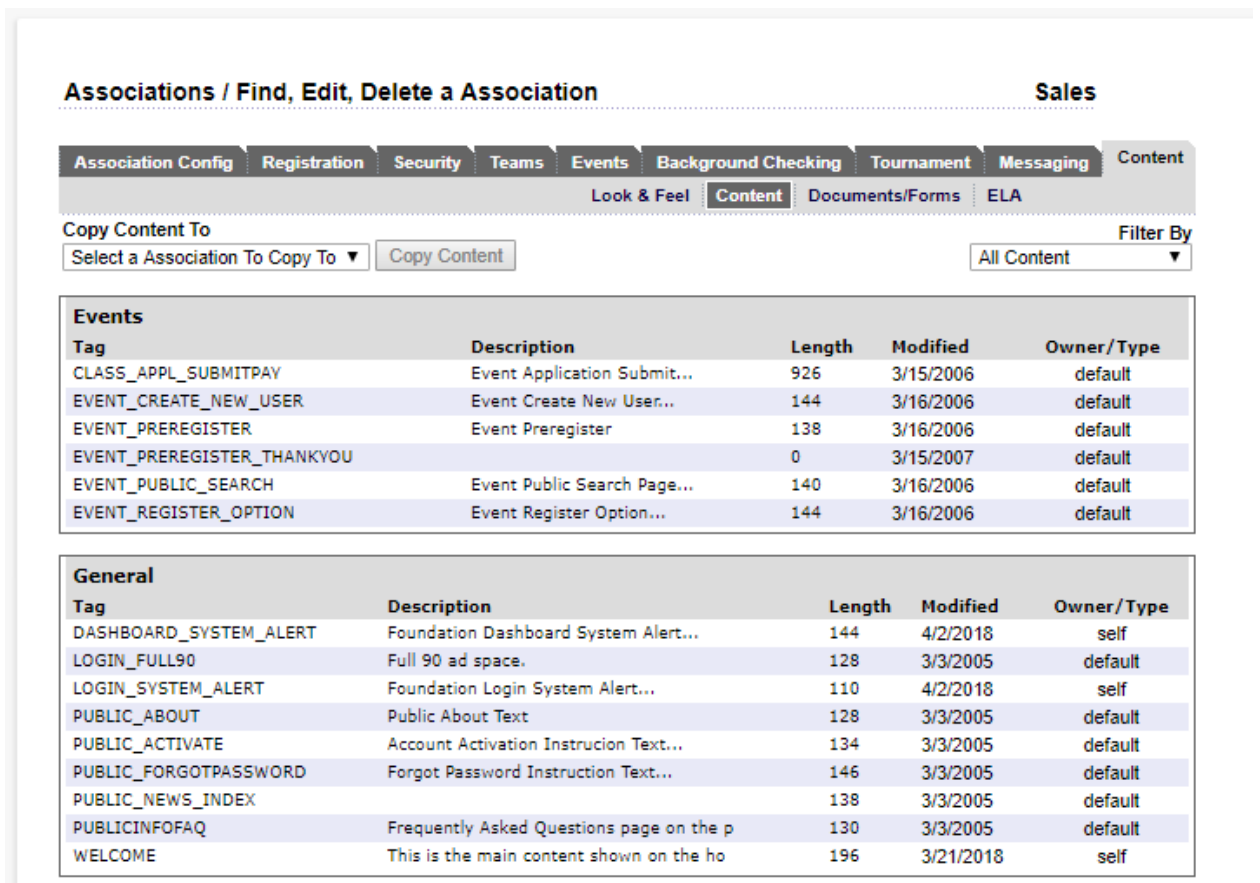

## How to update or add a Welcome Page Alert

1. Log in with your Association Level username and password.
2. Choose Set-up from the Top-level Navigation.

3. Once selected, the Association Config tab displays.
4. Choose the Content tab.
5. Choose the Content subtab to display system content tags.
6. Scroll to General Tags section.

7. Choose **LOGIN\_SYSTEM\_ALERT** by clicking on the name.
8. Add your alert content in the content field and choose Save.
9. This alert will show on the Welcome Page.

**NOTE:** This alert is managed by the Association.

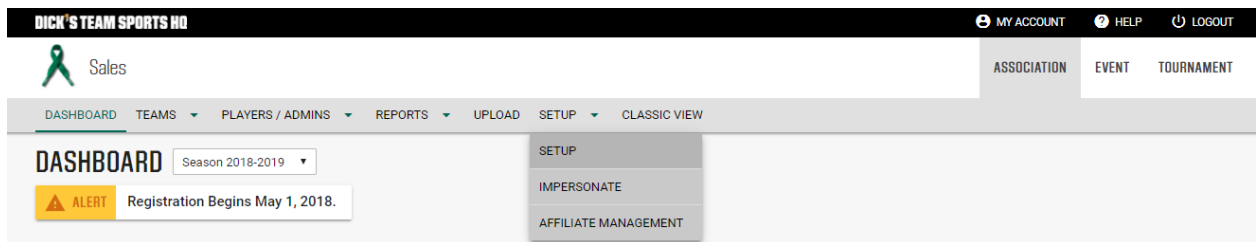

**BEST PRACTICE:** Limit your alerts to 200-220 characters and spaces.

## Dashboard Alert

The Dashboard Page Alert appears on each of the Dashboards of your organization's instance of the Affinity Sports Platform. Many organizations use this alert to welcome member or notify them of an upcoming deadline or policy change.

### How to update or add a Dashboard Alert

1. Log in with your Association Level username and password.

2. Choose Set-up from the Top-level Navigation.
3. Once selected, the Association Config tab displays.
4. Choose the Content tab.
5. Choose the Content subtab to display system content tags.
6. Scroll to General Tags section.

## Bulletin Board Widget

The Bulletin Board Widget appears on the League and Club Level Dashboards of your organization's instance of the Affinity Sports Platform. Many organizations use this alert to notify members of an upcoming deadline or policy change. This may also be used to share links to help documentation, forms, etc. In addition to the Dashboards, this content displays on the landing page for Leagues and Clubs when logged in through a League or Club url/website address.

### How to Update the Bulletin Board Widget

1. Log in with your Association Level username and password.
2. Choose Set-up from the Top-level Navigation.

3. Once selected, the Association Config tab displays.
4. Choose the Content tab.
5. Choose the Content subtab to display system content tags.
6. Scroll to the bottom of the Registration Tags section.
7. Choose REGISTRAR\_WELCOME\_INSTRUCTIONS by clicking on the name.
8. Add your content in the content field and choose Save.
10. This content will display in the Bulletin Board section of the League and Clubs dashboards.

**NOTE:** This content is managed by the Association.

**NOTE:** In addition to the Dashboards, this content displays on the landing page for Leagues and Clubs when logged in through a League or Club url/website address.

**NOTE:** Bulletin Board Images should be no wider than 580 pixels wide and limited to 100 kb.
