

# KANSAS STATE YOUTH SOCCER

[www.kansasyouthsoccer.org](http://www.kansasyouthsoccer.org)

*"The purpose of the Kansas Youth Soccer Association is to promote, foster, and perpetuate the game of soccer throughout the State of Kansas."*

---

KSUSA Member Directors of Coaching and Club Leadership:

It is my goal to make sure you get the information you need as it becomes available to continue to make the decisions you need to move forward with your organizations during times of uncertainty.

As a state organization, we are looking to the Kansas Department of Health & Environment for guidance regarding policies about traveling out of state for soccer tournaments and issuing travel permits for insurance coverage.

**Currently KSUSA Travel Permits are now available for out of state travel for tournament play subject to the following:**

1. That you understand the ramifications if you travel to a place that is on the mandatory quarantine or gets added to mandatory quarantine list as it could affect your league play, training and future travel.
2. Information about the State of Kansas Quarantine travel mandates can be found at link below:  
<https://www.coronavirus.kdheks.gov/175/Travel-Exposure-Related-Isolation-Quaran>
3. If a coach, player or parent on trip contracts Covid-19, you have the proper contact trace information to provide to the local CDC and KDHE, so they can contact teams and facilities that the traveler may have been in contact with.
4. Kansas State Youth Soccer reserves the right to revoke a travel permit to a state that KDHE adds a state to mandatory quarantine list prior to the start of tournament or if the State of Kansas restricts travel in the future.

I want to reiterate, we are working with the State of Kansas, USYS, and others to provide the most up to date guidance for the continued safety of all our members.

Thank you for all your help in continuing to help with the messaging with your teams about information about the ever changing conditions due to the pandemic that we continue to work through.

Yours in Soccer,

Joe Burger  
Executive Director
