

2020 Spring Cups Club Pass Clarification

As a new policy for the 2020 Spring Cups, teams have the ability to use Club Pass Players beginning at the District level of competition. Please review the information below to ensure you are aware of the Club Pass limitations for Spring Cups. The Spring Cups Club Pass policy has more limitations on the use of Club Pass Players than regular season league play.

- A player, Primary or Club Pass, may only play for one team throughout Spring Cups competition.
- Club Pass Players must be added prior to the initial District Round of each Cup competition. Club Pass Players must remain the same throughout the entirety of the event, including State Finals.
- Once a player, Primary or Club Pass, is rostered and the roster freeze date has passed, player movement is not permitted.
- Active Primary and Club Pass Players count towards the maximum roster limits set for each age group.
 - 11U – 12U teams can use 3 Club Pass Players per team
 - 13U – 19U teams can use 4 Club Pass Players per team
- Club Pass Players must be submitted using the Club Pass form located at the top of each Cup webpage. The Club Pass form must be submitted by the specified freeze date for each Cup:
 - [NCS State Cup](#): April 6th
 - [Presidents Cup](#): April 6th
 - [Directors Cup](#): March 30th
 - [South Texas Cup](#): March 23rd

If a roster transaction was made due to the misinterpretation of the Club Pass policy as it was presented in the Competitions Manual, teams can submit a request for consideration in order to correct the roster transaction. The request for a roster correction must be submitted using this [form](#). Requests will be reviewed and are not guaranteed. This form will close on Friday, March 13th.
