

GotSoccer and Stack Sports Data Mapping

The purpose of these illustrations is to give a visual example of where common data between Stack Sports and GotSoccer exist.

NOTE: *As of 8/29/2018 it is known that some teams are having some complications with updating information into GotSoccer from Stack Sports. Arizona Soccer Association is aware of the problem and the deadline to complete all of the mapping to GotSoccer by the published deadlines is being extended.*

Key understandings:

- Player Pass is printed from Stack Sports
- Game Card is printed from GotSoccer
- Team Roster accuracy is important in printing Game Card
- Referees validate the eligibility of players by reviewing Player Passes and Game Cards.

The key data elements that need to match are:

- Club Name
- Team Name
- Coach Name
- Player and Coach Data will appear in GotSoccer screens, the game card, and Stack Sports produced Player Pass.
 - Player Name is Identically spelled
 - Player Date of Birth (DOB) matches
 - Player ID # matches.

This screenshot shows what the team's perspective looks like in their GotSoccer team account and clicking on the Advanced League or Port of Subs League event and under the "Team" tab

This screenshot shows what the team's perspective looks like in their GotSoccer team account and clicking on the "Roster" tab.

The screenshot displays the 'Boys U12 - Team Player List and Rosters' page on the GotSoccer website. The page is divided into several sections:

- Navigation:** Includes 'Print Contacts', 'Email Players', and 'Roster Change History' (No history to display).
- Registration:** Shows 'Submitted' (7/17/2018) and 'Accepted' (Yes) with a 'Default' ID.
- Documents:** Includes a 'Roster' document and a 'Notify Registrar' message.
- Upcoming Schedule/Game Cards:** Lists games for the '2018-2019 ARIZONA ADVANCED LEAGUES (8/1/2018)'. A red arrow points to a PDF icon in the schedule, with a note: 'Where you can click the PDF icon to access your game cards to bring to games'.
- Current Active Roster:** A table listing players with columns for Photo, LName, FName, ID#, Jrsy#, Gender, DOB, State, Updated, Last Reg., and Login.
