Documents Acceptable for use as Proof of Age

MSYSA's requirements for Proof of Age are derived from the requirements stated in US Youth Soccer Policy on Players and Playing Rules, under Rule 204 – PROOF OF AGE:

- Birth certificate
- Uniformed Services Identification and Privilege Card (DD Form 1173)
- Birth registration issued by an appropriate government agency or board of health records
- Passport (current or expired)
- Alien registration card issued by the United States Government
- Certificate issued by the Immigration and Naturalization Service attesting to age
- Current driver's license
- Unexpired government ID (if original proof of age was required to obtain; e.g., Motor Vehicle Agency ID)
- Certification of a US citizen born abroad issued by the appropriate government agency

In accordance with Rule 204, hospital, baptismal, or religious certificates will not be accepted as Proof of Age.

Player Proofs of Age will be uploaded into the on line registration system for review by an MSYSA Registrar. This requires one of the acceptable proofs of age listed above to be scanned and converted to "pdf" format to be uploaded (maximum file size: 2 MB). Once a Proof of Age has been certified by an MSYSA Registrar, it need not be uploaded in future years.

An MSYSA Registrar or the MSYSA President may require at any time that an original proof of age document be presented.
