## **Maryland State Youth Soccer Association Further Improves the Youth Soccer Landscape within Maryland**

**Glen Burnie, MD – April 26, 2017** – The Maryland State Youth Soccer Association (MSYSA) has worked with Coach FX Live to provide FREE access to hundreds of session plans for 4U-18U players. This arrangement provides access to all individuals who complete the free [adult registration](#) process each year.

“MSYSA believes that having access to these materials will help coaches feel better prepared and more equipped to deliver a quality training session with the anticipated result being that more players will have a more positive and enjoyable experience which will keep them participating longer and will increase the likelihood of them giving back to the sport and their communities as adults” said MSYSA Executive Director, Greg Smith, Ph.D.

The Coach FX Live system provides access to users from a desktop computer or via the free downloadable app. Once logged into the system, users have access to hundreds of MSYSA session plans that have been categorized based on player age (e.g. U4-U6, U10-U12). Users can select from multiple sessions within an age group curriculum and can view the activities in 3D or even watch the activity play as a video.

MSYSA President, Mark Cantor said, “MSYSA is confident that this tool will positively impact the youth soccer landscape in this state and we are excited for the potential that it has to help grow participation while also encouraging players and coaches to remain in the game.”
