

PROCESS FOR "Other Reschedules"

It is your responsibility to read and know the process!

“Other Reschedules” Instructions

Teams within the X League, IRL, SLC, or Premier League needing to request a game reschedule will now be required to fill out the “Other Reschedules” form located on the UYSA website. This form is to be used for the following reasons per UYSA Policy 6314.1.(c):

- Field Closure by the appropriate authority
- Referee Determined Cancellation
- No Referee
- Air Quality Index in the red zone (see instructions below)
- League Commissioner Cancellation

To request a reschedule for the above leagues for any of the above reasons, simply click on the link that says, “Other Reschedules Form” and you will be re-directed to the online form.

[Other Reschedules Form](#)

ALL the information below is REQUIRED for you to request a reschedule:

- Game Number
- Reason for Request (select from the drop down menu)
- Field Assignor Approval
- Referee Assignor Approval
- New Date of Game
- New Time of Game
- Approved Field Name
- Field Number

Incomplete forms (missing or inaccurate information) will not be received by UYSA and the game will not be rescheduled. It will remain at the originally scheduled time. The only confirmation of the completed reschedule will be the email through the Affinity System with the changes.

Please allow 24 hours for reschedules to be reviewed (Reschedules are not completed after 4:00 p.m., on weekends, or holidays).

We encourage you to reschedule the game as early as possible in the season, as the later in the season fields have limited availability due to State Cup and Try-outs as well as our usually stormy spring weather. It is the Home Team's responsibility to obtain field and referee assignor

permissions for available dates and times and is responsible to send the information in to UYSA, but both teams are required to work together to find an agreeable date and time.
