Coaching Bio

Renata has a USSF "D" license. She has been coaching for 19 years for Sparta United, Utah Soccer Alliance and Copper Mountain including recreation, academy and competition teams. She ran a successful off-track soccer camp at the South Jordan Rec Center for 5 years and co-directed the U-8 academy in 2015. Renata played soccer through high school in southern California and then with Cypress College in Orange County, California. She has also played several years with the Mayhem competitive women's team here in Utah and countless indoor leagues. Renata would like to see players learn good technique and come to appreciate the tactics of this beautiful game. Players should have fun, work hard and develop confidence in themselves on and off the field.

Education

Bachelor of Mathematics Education 2000

Brigham Young University
